Components

- **Provider Name & Clinic**
- **Overall Performance**
  - Viral ARTIs (no antibiotic)
  - Bacterial ARTIs (narrow-spectrum)
- **Individual ARTI Performance, Comparisons, and Targets**
  - Current Performance (CY 26)
  - Past Performance (FY 25)
  - Patient Numbers (FY 25 & CY26)
  - Clinic Peer Performance (%)
  - Department Performance (%)
  - System Performance (%)
  - System Target (Goal)
  - Feature Usage (SmartSet & OPA)

Clinician Performance Reading Guide

Provider Name & Clinic

- Name of provider and associated clinic.

Overall Performance

- **Viral ARTIs (no antibiotic)** – *Green* – System-wide target: >95% of visits diagnosed as viral ARTIs should not result in an antibiotic prescription. Displays your performance relative to the system goal.
- **Bacterial ARTIs (narrow-spectrum)** – *Purple* –System-wide target: >80% of antibiotic prescriptions for Acute Otitis Media, Strep Pharyngitis, Acute Sinusitis, or Pneumonia should be narrow-spectrum agents. Displays your performance relative to the system goal.

Individual ARTI Performance, Comparisons, and Targets

- **Current Performance (CY 26)** – *Orange* – Your prescribing performance during the current calendar year (2026).
- **Past Performance (FY 25)** – *Purple* – Your prior year (2025) performance, shown for comparison.
- **Patient Numbers (FY 25 & CY26)** – *Yellow* – Total number of patients included. Left column reflects the current year (2026); right column reflects last year (2025).
- **Clinic Peer Performance (%)** – *Teal* – Your prescribing practice compared with other clinicians in your clinic.
- **Department Performance (%)** – *Pink* – Your prescribing practice compared with the overall department.
- **System Performance (%)** – *Light Blue* – Your prescribing practice compared with the health system overall.
- **System Target (Goal)** – *Navy Blue* – The established system-wide performance goal for each diagnosis.
- **Feature Usage (SmartSet & OPA)** – *Green* – Reflects your use of clinical decision support tools (SmartSet and OPA).
